

Comprehensive programme

This comprehensive suite of interventions focuses on raising aspirations and standards and upskilling students with a range of effective accelerated learning and personal development techniques.

Description

This programme can be tailored to suit any year group and is delivered over a 2/3 year period.

Please see beneath example programme:

Year 1:

Goal Mapping
Super Speed Study Skills
Mastering Student Motivation

Year 2:

Mind Mapping
Exam Busters
Resilience

Content

During the course of this package, students will:

- Become intrinsically motivated learners
- Develop useful academic strategies which can be applied to all subjects
- Learn how to visualise success and create a unique goal map
- Develop their self-confidence
- Learn how to set realistic goals which will raise their aspirations

Features & Benefits

Delivering a thorough package to students ensures that all areas are covered.

Each of the workshops can be delivered as standalone programmes and are effective in their own right.

However, students who experience this programme will be armed with a complete creative learning package to propel their education to new heights.

This package provides the most comprehensive support mechanism that Positively MAD has to offer.

Aims

- To build confident, resilient students who are empowered by learning
- To upskill students and raise standards of attainment

Logistics & Dynamics

- Each workshop is 2 hours long
- We deliver 2 x 2 hour workshops per day to 2 different groups of students
- Each workshop can be delivered to up to 150 students (Goal Mapping/Mind Mapping – up to 100)
- This is a 6 day intervention

“Well planned, informed and a good blend between exam skills, revision strategies, resilience and motivation. Fantastic interaction with students, creating a positive learning environment.”
